

AT4610™

High Acreage Precision Applicators

Designed and built to rugged BLU-JET standards, AT4610, 60' Liquid Applicators are ready for your operation. Features like the 1775 gallon cone bottom tank, bottom fill plumbing for easier filling, and the 9 gallon wash tank toolbox are standard equipment to make your job easier. Combined with BLU-JET's JetStream nozzle injection or coulter knife injection row units, the BLU-JET AT4610 offers the very best in liquid injection technology.

Your Partner for Conservation Farming

Primary Wing

7 1/2 degree up and down flex from level

Outer Wing

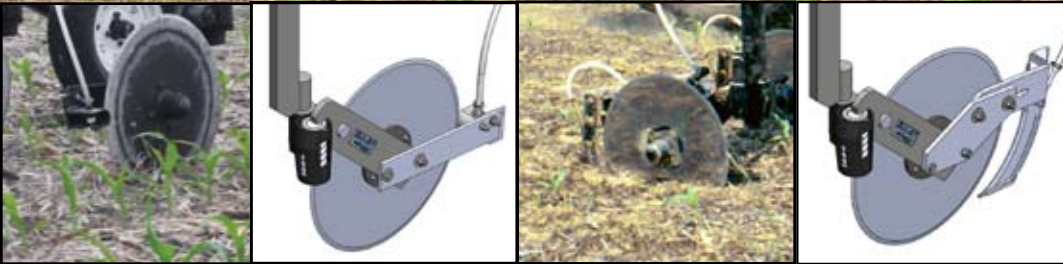

8 degree additional up and down flex
