

# BLU-JET MaxPac AR700

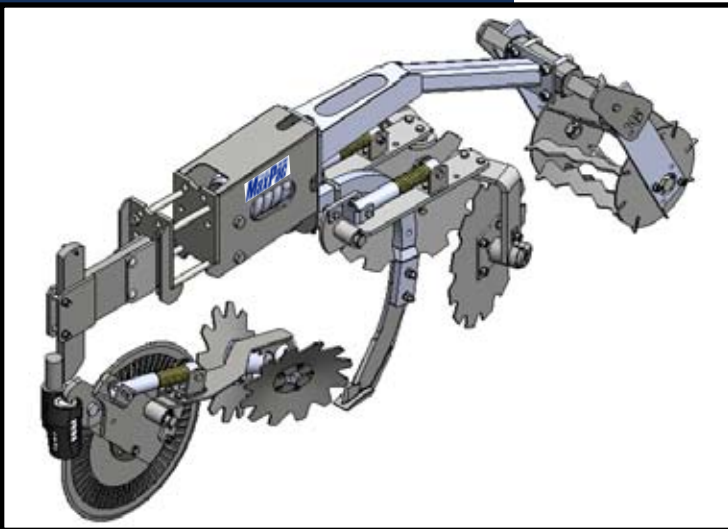

**Field  
Proven**

## **790 lb. Trip Force** **Ten Inches of Trip Height**

The **MaxPac AR700** is Powerfully Effective in difficult and stony soils. Tests have proven the **790 lb. trip force** to be the ideal balance between tripping the spring before shearing a knife bolt at 6+mph. A full

**ten inches of trip height** resets automatically due to the unique leverages built into the mechanism. And best yet, daily service is not required as **greaseless bearing pivot points** provide unmatched durability.

**MaxPac AR700** is fully compatible with BLU-JET StripTill Components including Super 1200 Coulters, Spring Loaded Residue Managers, 1-1/4" x 2" Edge Bent Shanks, SealPro Hillers and Rubber Torsion Mounted Baskets. This combination builds the optimum planting ridge.

# BLU-JET MaxPac AR700

StripTill or Conventional  
Fertilizer Injection Row Units

“Auto Reset Holding Power to Spare”

Fits Toolbar Sizes:
